Benefits of a Private Teacher

Why take private lessons?

- Every student is unique and requires focus on different aspects of their playing in order to progress steadily.
- Private lessons offer the chance to improve more rapidly and develop confidence more quickly with intensive, individual instruction.
- I work with students to develop a comprehensive plan to help them build strong fundamental musical skills.
- Through personalized instruction students are able to overcome their areas of weakness, replacing anxiety and self-doubt with confidence and joy in playing music.

Teaching Philosophy

- Learning music should be a fun and rewarding experience. I strive to present concepts to students in ways that they will easily understand, often using analogies to other non-musical activities which students enjoy.
- A good teacher is not only a mentor, but a friend. A warm and nurturing environment allows a student to receive constructive criticism without becoming discouraged.
- I believe the benefits of studying music extend beyond development as a musician. In the pursuit of mastery of a musical instrument, valuable life skills such as creativity, self-analysis, problem solving, responsibility, discipline, confidence, and poise are also cultivated.

The Teacher

Dave Boswell's strong commitment to educating and inspiring students began with his work as a member of the Lehigh University chapter of Kappa Kappa Psi, a music service fraternity. With this organization he worked closely with local schools and taught group lessons to beginning trumpet students. While pursuing a M.M. in Jazz Arranging from William Paterson University (Wayne, NJ), Dave continued his passion for teaching as a clinician at Elefante Music and for the Count Basie Youth Jazz Orchestra. Since moving to Colorado, Dave has conducted clinics at various local schools, and is the Trumpet Instructor for the Colorado School of Music in Golden.

With over 10 years of professional experience, Dave has performed and recorded with artists and groups as diverse as the Vermont Opera Theater, Bethlehem Bach Choir, Jon Faddis, Clark Terry, The Yellowjackets, Hank Jones, 9th & Lincoln Orchestra, Tony Gairo/Gary Rissmiller Jazz Orchestra, and the Philadelphia Funk Authority. In addition, Dave has been fortunate to have his compositions performed by artists such as Jon Faddis, Clark Terry, Bob Dorough, and the 9th & Lincoln Orchestra.

Dave is currently a freelance musician in the Denver area, where he performs with Freddy Rodriguez and the Jazz Connection, The Tony Black Summit, Legacy Jazz Orchestra, Onda, and Conjuntos Colores, as well as leading his own groups.
